

Introduction

The Chamber of Commerce & Industry of Serbia and the Chamber of Economy of Montenegro, on the initiative of the Embassy of Montenegro in Belgrade, and in cooperation with the Tourist Organisation of Serbia and the National Tourism Organisation of Montenegro, have created this unique tourist offer.

The programmes presented in this brochure are based on the specific natural and cultural heritage of Montenegro and the Republic of Serbia.

The aim of this joint tourism product is to promote regional cooperation in the field of tourism, to achieve greater recognition for the region, to extend the tourist season and to ensure the better presentation of tourist programmes on third markets.

The seven tours presented in this brochure were developed by the two Chambers with the idea of addressing a wide range of tourists, thus the offer includes some tough adventurous experiences, hiking, cycling, off-road jeep tours, traditional dishes and wine tasting etc.

This brochure is confirmation that tourism is well-recognised as an important instrument of regional cooperation and a powerful catalyst for the European integration process. We are confident that our joint tourist product will enrich the tourism offer as a whole, with consideration for all of our peculiarities, specificities and diversities.

Wheels of steel

9-DAY CYCLING TOUR

HIGHLIGHT

With its many gorges and steep cliffs, the Tresnjica area resembles a canyon. Of extraordinary importance to the wildlife of the area is the fact that it has been designated as a nature reserve in order to preserve the natural habitat of the very rare, endangered griffon vulture, dubbed 'The Emperor of the Heights and the Nature Cleaner'

Day 1

DIVCIBARE MOUNTAIN

Accommodation on Divcibare Mountain.

Day 2

VALJEVO AREA MOUNTAINS

Mountain bike route. Accommodation in a village guesthouse.

Day 3

TRESNJICA RIVER

Mountain cycling tour over the Tresnjica River Gorge. Hiking tour through the River Drina Waterfalls.
